RAL 6010 Grass green

Τυχόν αποκλίσεις στην απόδοση των χρωμάτων οφείλονται στις τεχνικές εκτύπωσης, τη γαλαζάδα του χρώματος, το φωτισμό ή της φύση της βαφόμενης. Am făcut toate eforturile posibile pentru a reproduce perfect nuanțele; însă datorită limitărilor în ceea ce privește tehnica de imprimare, a luciului de vops.
